FRIGO

HOW IT WORKS

Imagine how a little rubber band can change the way the world looks at you!

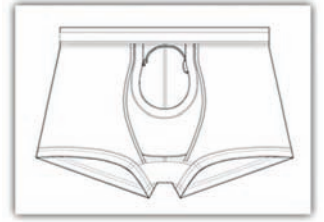

The idea is very simple when you see the Frigo underwear. To make it a little bit more complicated we have a step by step instruction:

1. Open the drawstring by releasing it from the cord adjuster lock and open the pocket.

2. Once the trunks are on, place your genitals inside the pocket. Don't put the drawstring in the cord adjuster.

3. Stand up straight, adjust the drawstring so you don't feel it. Lock it. Now sit down to feel the tension of the drawstring. Release the cord from the adjuster to loosen the cord further so that you can not feel it at all.

Lock it.
